MARVEL MAKES ORGANIZED FOOD PREPARATION E-Z

Introducing the E-Z Stor Storage System for Refrigerated Drawers

RICHMOND, Ind.—Continuing its tradition as a leader in innovative refrigeration trends that allow homeowners to enjoy life more, Marvel introduces the European-style E-Z Stor Storage System, a convenient professional style food-storage method for its popular refrigerated drawers.

“We are constantly striving to make it easier for homeowners to cook and entertain, which is why we developed the portable E-Z Stor Storage System,” said Sindy Angi, marketing services manager at Marvel. “E-Z Stor keeps odors and flavors separate and foods fresh. After all, who wants to bite into an apple that smells like an onion?”

A Marvel exclusive, the E-Z Stor Storage System is custom designed to complement the 24- and 30-inch refrigerated drawers (models 60RD and 80RD, respectively). The organizational system keeps foods fresh and separates odors and flavors; clear plastic lids allow effortless viewing of drawer contents and stainless steel bins can easily be removed to aid in prepping, cooking and serving. Plus, all of the bins and lids are dishwasher safe!

Available sets include:

For 24-inch refrigerated drawer (model 60RD), upper/lower drawer:

- Two 2.3 quart bins
- One 5.8 quart bin
- One 11.6 quart bin

For 30-inch refrigerated drawer (model 80RD), upper drawer:

- Three 2.3 quart bins
- Two 11.6 quart bins

For 30-inch refrigerated drawer (model 80RD), lower drawer:

- One 2.3 quart bin
- One 5.8 quart bin
- One 26.4 quart fresh produce bin
